Product Specification Sheet

# Screwguard Slide Green

## High-Performance Grease for Electric Motors

Introducing Screwguard Slide Green, a specialized lubricant designed for electric motors. It excels in high-temperature environments and offers exceptional corrosion resistance, ensuring the reliability you need.

With Screwguard Slide Green, you can extend motor greasing intervals up to 4,000 hours, depending on the motor type and usage. Using the right grease is crucial for maximizing the lifespan of your electric motors and equipment.

Experience dependable performance with Screwguard Slide Green, providing up to 4,000 hours of reliable operation under standard conditions.

| Features | Benefits |
|---|---|
| **Water and corrosion resistant** | Maintains consistent performance and durability over time. |
| **Unique formulation** | Provides reliable protection of electric motors even in the most demanding operating conditions. |
| **Improved efficiency at low temperatures** | Substantially lowers energy expenses, enhancing overall efficiency. |
| **Extended lifetime** | Environmentally friendly with lower operating costs, promoting sustainability and efficiency. |

## Grease ID Card

| Characteristic | Unit of Measure | Value |
|---|---|---|
| **NLGI grade** | - | 3 |
| **Thickener type** | - | Lithium complex |
| **Base oil type** | - | Mineral |
| **Service temperature range – lower limit** | °C | -20 |
| **Service temperature range – upper limit** | °C | 140 |
| **Flash point COC** | °C | > 200 |
| **Relative density** | kg/dm³ | 0,92 |

| | |
|---|---|
| **Product Number** | 2908851410 |
| **Available Size** | 390g |
